

E-Magazine Topic Selection Form

Name _____

Due Date: By End of Class Today! (Tuesday, 9/4/17)

Today your year long e-magazine assignment was launched, so you know you need to come up with a topic/theme for your magazine. Remember, you will be spending a lot of time and energy on this assignment, so please make sure you select a topic/theme that you really enjoy!

Two pieces of advice: Be careful that your topic/theme is not so narrow that you will struggle finding material nor is so large that you may become overwhelmed by the amount of information that you may find! For example, I may have an overwhelming passion for left pinky toenails, but I will probably struggle throughout the year locating enough information on left pinky toenails to complete all parts of this assignment. On the other hand, I might get all whipped up thinking about the Universe, but the topic is so darn big I might end up spinning my wheels as I work on the individual writing assignments.

In the space below, I want you to tell me:

1. **what topic/theme** you want for your magazine
2. **why** you believe this is a good choice for you. **Give me a specific few reasons why you are interested in your topic!**
